

Schoolgirl Sampler Sew Along

Week 12

Work on Blocks **67 through 72** on pages 73 - 75 of the Schoolgirl Sampler book.

(Blocks made by Sue Bennett)

If you've gotten this far, then that means you're almost done with all 72 of the blocks! Congratulations! If you're not this far, don't give up yet . . . take it week by week and you will do this.

In the coming weeks we'll work on the applique center, sashing and borders. If you're planning to make the quilt exactly as I made mine, then one of my suggestions early on was for you to start making some 2 ½" half-square triangles for the sawtooth border that's in my quilt (see page 17). You'll need 92 scrappy HSTs for this that measure 2 ½" (they'll finish at 2" x 2" when sewn in the quilt). So, if you finish the blocks this week and haven't made any of those HSTs yet, this is something you can do before we get started on the applique next week. I'll continue to upload files on Fridays.
